Re: Pharmacy Services - Delivery Update

The Town has learned that some residents are experiencing challenges with the delivery of certain prescribed controlled substances and/or refrigerated medications. Please see the information below. If you still need assistance obtaining basic and important life necessities, such as food or medications, please call the Town hotline at **508-358-7701** for help.

**CVS/PHARMACY:** CVS/pharmacy and CVS Health will now waive home delivery charges for prescription medications as more customers are social distancing. Both CVS locations have waived the ban on delivering controlled substances. However, the ban remains in effect for refrigerated medications. Pick-Up and Delivery requires payment over a secure phone line, website or app. For customers who are not comfortable using the computer or app, please call your local CVS and ask for delivery with the ability to pay ahead.
