Re: Landscaping Services – Added to Essential Services List

Landscape companies are now on the list of Essential Services.

On March 25, the Secretary of the MA Economic Office of Housing and Economic Development stated the following with regard to including Landscaping Services on the list of Essential Services:

Landscaping companies can continue operating as an essential service but should adhere to social distancing protocols for workers and customers in accordance with guidance from the Department of Public Health.

We will continue to communicate any updates to the list of Essential Services as we become aware of them.

* * * * *

We continue to urge all residents to evaluate their own health and determine if they are feeling mildly ill with a head cold, headache, cough and/or experiencing any CDC identified symptoms of COVID-19, which include fever, cough, and shortness of breath. If you are feeling any symptoms, we advise you to contact the Wayland Health Department at the Coronavirus Hotline 508-358-6805 and your primary care physician for guidance. If you or anyone in your family has any symptoms of being ill, we advise you to stay quarantined at home until you are feeling better and follow up with your primary care physician as needed.

The Town will also provide general help for residents who may need assistance obtaining basic and important life necessities, such as food or medications, by calling 508-358-7701.
