ALL ARE WELCOME!**

WAYLAND LEPC Mission Statement

“Wayland’s Local Emergency Planning Committee (LEPC) is a group of elected and appointed community representative who meet quarterly each year, for the purpose of promoting and facilitating the pre, present and post incident safety of all Wayland residents and business owners. LEPC takes an “All-Hazards” approach to public safety, emergency preparedness, and public health, which include hazardous materials incidents, natural disasters, manmade and terrorist events. Wayland’s LEPC goal is to manage public expectations and emergency preparedness concerns for the community by establishing a Continuity Of Operations Plan (COOP) for Town government, promoting and advocating for public education while improving communications before, during and after emergent events.” (Approved 06/20/12)
