**Re: Request for Amendment to Open Order of Conditions and Chapter 194 Permit  
Loker Conservation and Recreation Area  
MassDEP File # 322-0953**

Dear Ms. Hansen and Members of the Commission:

On behalf of the Town of Wayland Recreation Department and Facilities Department, Weston & Sampson Engineers, Inc. is hereby enclosing one (2) hard copies and one (1) electronic copy plan set to fulfill the requirements to request an amendment to Wayland's Conservation Commission's open Order of Conditions and Chapter 194 permit, Wayland's Wetland Resource and Water Protection By-Law, dated April 5, 2021. This request also to meet the Massachusetts Wetlands Protection Act, M.G.L. Chapter 131, Section 40 submittal requirements. Please consider the submittal herein to be formal request for amendment Loker Conservation and Recreation project (MassDEP file # 322-0953).

The original Order of Conditions approved a 195x300-ft synthetic turf multi-purpose athletic field, a parking lot with a proposed 62 parking spaces, and an updated stormwater system. The conditions update being proposed as part of this amendment request is to substitute the originally proposed synthetic turf field. The project now proposes a natural grass field with an irrigation system.

If you have any questions regarding this submittal, please contact me at (978) 532-1900.

Very truly yours,

WESTON & SAMPSON
