

# NASHOBA VALLEY SKI AREA RULES

PLEASE REMEMBER SAFE SKIING. LET'S ALL HAVE A FUN TIME!

- When the bus arrives at Nashoba: Walk, do not run along the boardwalk. Runners will be sent back to the buses.
- You are responsible for all your stuff! Helmet, coat, hat, gloves, ski equipment.
- Wear your helmet, your lift ticket and your Wayland badge at all times.
- Chaperones will help you get your rental skis and helmets at the rental area.
- Do not ski a slope above your ability. Ski the same slope on which your lesson was given.

## LISTEN

- There is a PA system that will make announcements to remind you when it is time to return your skis and board the buses **at 11:30 am**. Do not be late.
- All buses say "Wayland" on the side

## LESSONS

- If you signed up for a lesson (most kids did) They all start at 9:00 am.
- Remember you lesson/instructor number for next week
- If you feel like you are in the wrong lesson/level tell a chaperone
- After your lesson you can have time to "free ski" on the same slope you started.
- Enjoy the mountain until 11:30 am

## NASHOBA'S SKIERS' RESPONSIBILITY CODE

- Ski under control so that you can stop or avoid other skiers and objects.
- When starting downhill, yield to other skiers.
- When skiing downhill or overtaking another skier, you must avoid the skier below you.
- Do not stop where you may obstruct a trail, or if you are not visible from above.
- All skiers should use devices to prevent runaway skis and poles.

## USING SKI LIFTS

- Ski into your lift line under control. Do not cut in line. Buddy Up before getting into line.
- Do not get off the T-bar until after gray building at the top.
- Clear the area at the top of the lift as soon as possible.
- Do not stand directly under any chair lift.

## IF YOU NEED A CHAPERONE OR SKI PATROL

- Tell the nearest adult
- Go to the First Aid Station in the main building.
- There are chaperones, staff, Ski patrol and a nurse ready to help

## BEHAVIOR

- DO NOT intentionally drop or throw anything from lift.
- No clicking skis while riding the chair (ski may fall off and injure another skier).
- There is no jumping, fast skiing or "tucking" down Nashoba's Slopes.
- Nashoba will use crossed skis, poles, bamboo or netting to block off an area for a specific reason (injured skier, snowmaking equipment etc.) Do not ski near that area.
