

Do you have your face covering on?

The Wayland Board of Health has issued a face covering advisory.

Note: there is also a state advisory in place.

We strongly urge that you wear a face covering when you enter this building to prevent the spread of COVID-19.

We thank you in advance for helping to keep our community safe and healthy!

When you wear a face covering or cloth mask, it should:

- **Fit snugly but comfortably against the side of the face**
- **Be secured with ties or ear loops**
- **Include multiple layers of fabric (if cloth)**
- **Allow for breathing without restriction, and be able to be laundered and machine dried without damage or change to shape**

The following persons are exempt from the face coverings requirement:

* Children under 5 years old. *Persons for whom a face mask or covering creates a health risk
