

Special Trail Policies During the COVID-19 Crisis

The Town of Wayland and SVT maintain these trails for public use:

- **Please comply with state and federal orders regarding public activities.**
- **Please use social distancing as recommended by government health agencies.**

Our success relies on our guests' compliance with these policies.

Dog Walkers: NEW TEMPORARY POLICY

- **Leash your dog.** Our trails are receiving heavier-than-usual traffic. Unleashed dogs can cause close social interactions.

All Trail Users:

- **Do not touch or use** benches, map boxes, kiosks, or other structures.
- **Practice recommended social distancing on the trails:**
Step aside so others can pass while keeping distance.
At bridges/boardwalks: Wait if someone is coming the other way.

Parking: Park in designated areas; do not park along road.

- If parking lot is full, consider moving on to a different property.

Maps: Do not touch the map boxes at the kiosks.

Instead:

- Scan the QR code at the kiosk to access the trail map; or go to www.svtweb.org/maps.
- Take a photo of the large map at the kiosk to use as a trail map.
- Use an online app such as Alltrails.com to follow the trail.

**THANK YOU FOR YOUR COOPERATION
SO WE CAN KEEP THE TRAILS OPEN!**
