# WAYLAND WASTEWATER MANAGEMENT DISTRICT COMMISSION MEETING OF August 19, 2020

Board Members: In Attendance: Rick Greene and Mike Gitten.

Board Members: Absent: All Present.

Town Employees: Jane Capasso, Account Specialist; Paul Brinkman, Town Engineer;

Seath Crandall, Management Analyst-Selectmen's Office (Public

Comment and Waycam)

Guests:

None

Meeting Location: 7:30 pm Zoom Call

#### **Minutes**

Note: Items may not be discussed in the order listed or at the specific time. Times are approximate.

7:31 1. Call to order and reading of Zoom information from the Agenda by Rick.

7:33 2. Public comment – None.

7:33 3. Reminder WWMDC volunteer position open.

Rick: No news from Cherry Karlson or the other Selectmen. Paul: The position is part of the Town's list for open board member positions.

7:34 4. Monthly Operating Report(s) – June and July 2020

Paul: On Sunday, August 2, 2020 at 4pm, there was a power failure at the treatment, which shutdown the plant. The battery backup on the SCADA system did not function and the plant did not restart. When Pezz came in at 5 am on Monday, the tank storing the influent was just about to overfill. Pezz got everything started and it was back to normal in 3 hours. The SCADA programmer came in and told us this is an original construction error. It was programmed into the computer, but the links were not set up. The battery backup had lost its life. The power came back, but the SCADA system did not. We updated the battery backup and now we will get an alarm. The programmer worked on other smaller issues.

Paul: Today we noticed that the flows were way up. It appears to be another stuck toilet. The plant is handling it fine. Pezz contacted the Town Center and he will follow up tomorrow.

Paul: The influent's intermittent reddish tint in June and July 2020 was due to the iron in the pipes being affected by the increased chemicals people were using to clean due to the corona virus. This affected the phosphorous levels, which caused a small violation. We are way under the total load for phosphorous and we notified the state. The state said other plants are seeing an increase in phosphorous.

With the new SCADA improvements, we will be able to track how much we are decanting and we will be able to show a reduction in sludge hauling.

#### 7:47 5. FY20 Annual Report

Discussion on changes to the WWMD Draft Annual Report. Jane: There is a possibility the final FY20 financial information may not be available. Rick: We will use approximations if that is the case. Once Jane has input the financial

information, Paul will review the document in detail and discuss changes with Rick.

8:41 Rick: Motion to approve the annual report, as written, subject to the completion of the final numbers and minor wordsmithing by myself and Paul Brinkman. Mike Second. All in Favor 2-0.

# 8:09 6. Upcoming FY22 Budgeting Cycle

Paul: At a recent Town Department Head meeting, it was announced the capital budgets will be reviewed first in December 2020. After that, the operating budgets will be worked on between December 2020 and January 2021. Paul has some capital ideas that he will propose to the board shortly. He is looking at replacing the membranes and how the WWMD will finance them.

### 8:11 7. Extended 10+ Year Budget/Rate Tool

Rick: What are the rules for capitalizing and bonding the membranes? Paul Membranes have a life based on use and when they wear out. This makes it difficult to bond. We are better off trying to manage this through rates.

Paul: Set up a 10+ Year Budget/Rate Tool for the Water Department. We are doing this for WWMD to help with forecasting rates to cover operating expenses and capital purchases. It also helps with monitoring the amount of retained earnings we have to cover debt service through FY2034. In the future we do not have enough money to cover debt service. On the operations side, according to the DEP, we should maintain a minimum of 20-40% of the operating budget in retained earnings. Rick: Concerned that having a percentage of the operating budget available in retained earnings will be skewed as we collect money to cover future capital purchases (membranes) and then, when we buy the membrane, the percentage will drop. Paul: The idea of this tool is to account for future year capital expenses and how do we obtain the money to pay for them. We will keep an eye on what our needs are and adjust accordingly.

This report will be reviewed by Brian Keveny and Louise Miller. Rick: Is confident that Paul and Pezz know what the big ticket items are and other expenses. Paul: The model allows us to forecast the operating expenses into the future by using percentages. There is less accuracy in the outer years. Jane has worked hard and made a lot of adjustments to the model with links to other spreadsheets.

# 8:29 8. Monthly Financial Report – Unofficial FY2020 year-end

Paul: The unofficial FY20 revenue is a bit higher than my estimate at our last meeting because the numbers include part of the Quarter 4 billing that usually comes in the next fiscal year. Jane: Any uncollected revenue from the new betterment will be liened in December 2020. Unapportioned revenue is from users that payoff their betterment early. This is helpful in the current year, but affects the interest earned in the future.

Paul: The 10+ Year Tool will be helpful in ensuring we will have enough money to make future betterment payments. The tool breaks out the total retained earnings into operating and betterment, which allows us to plan and forecast the amount of retained earnings needed to cover operating and betterment expenses. This will be discussed in more detail at future WWMD meetings.

# 9. Approve minutes from previous meeting(s): June 24, 2020

Rick: Motion to accept the June 24, 2020 minutes as written. Mike second. Approved 2-0.

- 8:39 10. Topics not reasonably anticipated by Chair 48 hours in advance of meeting. None.
- 8:39 11. A) Calendar: Upcoming meetings, events and hearings.

Paul: Does the Annual Report have to be approved by the WWMD? Rick: Believes it does. Please go to Item 5 for a motion on the approval of the Annual Report.

The next Board Meeting is tentatively set for Wednesday, October 7, 2020. We will talk about the financial model and future capital requirements.

- B) Review topics for future discussion. No discussion.
- 8:44 12. Adjourn 8:44

- 1) Betterment Income & Retained Earnings/Betterment: Beginning FY20, betterment income will be the budgeted number. Prior, debt exp. numbers were used to balance the budget. Added Retained Earnings/Betterment account, which reflects the net of the billed amount and debt expense paid.
- 2) Miscellaneous Revenue Betterment: \$963 Sewer Rate Relief from the State. Paul Brinkman applied for this.
- 3) Unapportioned Principal/Interest (New Betterments Paid in Full): 234 BPR \$48,803.17/\$788.90; 35 Lillian \$10,020.93/\$300.63; and 4 Lillian \$10,020.93/\$348.59.
- 4) Transfer From General Fund: Due to transferring \$219k of new betterment debt to the High School, WWMD was reimbursed for FY19 charges that belonged to the High School.
- 5) FY20 User Charge Billing: Q4= \$70,926, Q1=\$72,095, Q2 \$73,108 and \$69,626. Billed total \$285,755.
- 6) Interest Earned on Savings Beginning FY20, budgeting for interest earned on \$483,606 (July 31, 2018) located in a separate account controlled by Treasury. The remainder of WWMD's retained earnings is in the Town's General Fund. Received \$24,546.97, which is under discussion.
- 7) Old Betterment 234 BPR Paid in Full \$1,001.20 Principal and \$50.06 Interest.
- 8) Contingency Fund being used to pay expenses that exceed budget for Eversourcre, Verizon and Wex.
